## BODY-WORN CAMERA

PR1ME WITNESS BODY-WORN CAMERA

### ▼ OVERVIEW

The **PR1ME Witness** is Patrol Witness' state-of-the-art body-worn camera designed to improve officer safety and integrate with our **in-car PW6-HD video system**, as well as synchronize and record in tandem. With an **HD recording battery life of 7 hours** and a lightweight, yet rugged **IP54 design** complete with both **720P and 1080P HD** recording capabilities, the **PR1ME Witness** body-worn camera is more than just a camera—it's your first witness on the scene.

### ▼ SYSTEM HIGHLIGHTS

- Easy-to-use interface
- 7 to 10 hours of continuous HD recording battery life
- 120 hours of stand-by battery life
- Rugged IP54 and Mill-STD810G architecture
- Capable of both 720p and 1080p HD Resolution capture
- Access restriction and data encryption ensures Chain-of-Custody protection
- Superior audio capture with smart noise-cancelling to counter windy situations
- Simple Mounting Hardware for easy equipping and unequipping

### ▼ We've Got You Covered

With just one click, the PR1ME Witness body-worn camera wakes up to record right away, in tandem with our in-car video system.

PR1ME Witness charges rapidly in a convenient docking port or via USB cable.

### ▼ Enjoy Fewer Complaints

With PR1ME Witness continuous recording feature and 32GB of reliable flash storage, you'll never miss a single frame. See the frequency of both complaints and use-of-force incidents drop in half when there is an objective eyewitness on the scene capturing solid evidence. Let **PR1ME Witness** be your first witness on the scene.

### ▼ Back Up Your Claims

With the PR1ME Witness Video Evidence System (VES), you'll be able to easily categorize your video evidence, produce court-ready footage, and blow right through your paperwork more efficiently. Ensure your officers are protected from fraudulent claims and unwarranted litigation.

#### Exceptional Audio

Super sensitive, high-quality microphone with wind and noise-reduction

#### Exceptional Video

User can configure to record at either 720P or 1080P at 2Mbps to 6Mbps

#### Powerful Battery

Last 3 days on a single charge with up to 2 hours of HD recording per day

#### Auto Download

Connect to a PC to automatically initiate a video transfer via USB cable

#### Cloud Upload

Connect to a PC to automatically initiate a video upload to a remote drive
